Description of Credit Acceptance Corporation

Since 1972, Credit Acceptance has offered automobile dealers financing programs that enable them to sell vehicles to consumers, regardless of their credit history. Our financing programs are offered through a nationwide network of automobile dealers who benefit from sales of vehicles to consumers who otherwise could not obtain financing; from repeat and referral sales generated by these same customers; and from sales to customers responding to advertisements for our product, but who actually end up qualifying for traditional financing.

Without our financing programs, consumers are often unable to purchase a vehicle or they purchase an unreliable one. Further, as we report to the three national credit reporting agencies, an important ancillary benefit of our programs is that we provide a significant number of our consumers with an opportunity to improve their lives by improving their credit score and move on to more traditional sources of financing. Credit Acceptance is publicly traded on the NASDAQ under the symbol CACC. For more information, visit creditacceptance.com.
