Credit Acceptance Named #1 Midsize Company on IDG's Computerworld 2016 List of Best Places to Work in IT for a Second Year in a Row

Southfield, Michigan, June 13, 2016 (GLOBE NEWSWIRE) --

Credit Acceptance Corporation (NASDAQ: CACC) (referred to as the "Company", "Credit Acceptance", "we", "our", or "us") has been named #1 in IDG's Computerworld 2016 Best Places to Work in IT — Midsize Category. This is the second year in a row Credit Acceptance has placed #1!

The Best Places to Work in Information Technology ("IT") list is an annual ranking of the top 100 work environments for technology professionals by IDG's Computerworld. The list is compiled based on a comprehensive questionnaire regarding company offerings in categories such as benefits, career development, training and retention. In addition, Computerworld conducts extensive surveys of IT workers, and their responses factor heavily in determining the rankings.

"I want to thank all of our IT team members for their efforts every day to provide great service and software to our customers and for their efforts to make Credit Acceptance a great place to work," said John Soave, CIO.

About Credit Acceptance

Since 1972, Credit Acceptance has offered automobile dealers financing programs that enable them to sell vehicles to consumers, regardless of their credit history. Our financing programs are offered through a nationwide network of automobile dealers who benefit from sales of vehicles to consumers who otherwise could not obtain financing; from repeat and referral sales generated by these same customers; and from sales to customers responding to advertisements for our product, but who actually end up qualifying for traditional financing.

Without our financing programs, consumers are often unable to purchase a vehicle or they purchase an unreliable one. Further, as we report to the three national credit reporting agencies, an important ancillary benefit of our programs is that we provide our consumers with an opportunity to improve their lives by improving their credit score and move on to more traditional sources of financing. Credit Acceptance is publicly traded on the NASDAQ under the symbol CACC. For more information, visit creditacceptance.com.

About Computerworld

Computerworld from IDG is the leading technology media brand helping senior IT, business decision-makers and key influencers navigate change with effective business strategy. As the voice of business technology, Computerworld enables the IT value chain with unique editorial coverage from setting strategies to deriving value.
